MAY BE FORFEITED

Delivery of Alcohol to **Greek Government**

IS "WATER SWINDLE" ECHO

A bond of \$262,000 furnished by bonding company to guarantee the safe of alcohol shipped by H. Is. Smith will be declared forfeited unless a turned by next month.

This was announced today by cas-Smith and his reputed associates are accused of having attempted to withdraw great quantities of fine whisky and substitute water for it, then send the water-filled barrels to the Greek Gov. rnment.

The 962 drums of alcohol for which the bond was obtained also were consigned to the Greek Government. And so far as the customs officials know, the alcohol reached its destination.

Fees Were Piling Up

The drums of alcohol were held in a bonded warehouse here for some time, piling up demurrage, storage and in-surance fees. Smith made several attempts to send them out of the country using his permit to ship to Greece, but

Finally Smith proposed to send the drums on the United States Shipping Board vessel Massilon Bridge. This was satisfactory to the Government

when shipping liquor out of the country to put up a bond for the amount of excise duty which the Government would have collected if the alcohol had been intended for domestic consumption. When the landing receipt, from the port of entry, is returned to the customs authorities the bond is released. Smith put up a bond of \$262,000. The customs authorities say their rule Bielefeld, Germany, Aug. 7.—(By A. P.)—The results of the first straw vote ever taken in Germany on the within eight months at the outside if to get a new receipt. The four months

Has No Fear for Bond Henry Strouse, of the firm of Zebley

& Strouse, local representatives of the United States Fidelity and Guarantee Company, which bonded the shipment, denied today there was any danger that the bond might be forfeited. "It merely is a technicality." he said. "The landing certificate lacked n seal, but I understand the alcohol

shipment arrived safe at the Greek port, and we expect no trouble getting back our bond. Our responsibility ends Lifeguards at Wildwood and Ocean
